FLYER BACK - PORTION 4 (Top Left - "Product Line" / "ABOUT US")

PRODUCT LINE:

IOTFIY Gateway Solutions

ABOUT US: IOTFIY Gateway Solutions is a powerful, product and service-based platform at the core of IoT data integration. We simplify connecting diverse devices to the cloud, offering advanced dashboards and robust tools designed for real-world applications across various industries.

FLYER BACK - PORTION 5 (Top Right - "Scope" / "Novelty of our Services")

SCOPE:

Effortless Integration & Control

Refine your IoT ideas into intelligent designs. Our Gateway Solutions streamline the connection of devices (MQTT, Modbus) to the cloud, allowing you to deploy, manage, and visualize data with precision through intuitive, widget-driven dashboards.

NOVELTY OF OUR SERVICES:

Your Data, Your Dashboard, Your Way. We empower you to connect, control, and visualize any device data with unparalleled flexibility, speed, and security, turning raw data into actionable insights instantly.

FLYER BACK - PORTION 6 (Bottom - "OUR CLIENT" / "Industrial We Services")

KEY FEATURES & CAPABILITIES:

- **Intuitive Widget Dashboard:** Extensive library of Input, Output, Style, and Chart Widgets for comprehensive control and visualization.
- **IOTFIY Firmware Library:** Simplify device programming for seamless integration.
- **MQTT & Modbus Connectivity:** Broad support for diverse devices.
- **Scalable Organization:** Manage devices across main & sub-organizations.
- **Secure Data Pathways:** Your data is always protected.

INDUSTRIAL WE SERVICES:

(Based on the product's use cases and features, here are the most relevant industries)

- **Industrial Manufacturing** 🏭
- **Smart City Infrastructure** 🏙️
- **Logistics & Fleet Management** 🚚
- **Smart Agriculture** 🌾
- **Educational IoT Labs** 🧪
- **Automation & Control Systems** ⚙️

FLYER BACK - PORTION 4 (Top Left - "Product Line" / "ABOUT US")

PRODUCT LINE:

IOTFIY EASY Solar

ABOUT US: IOTFIY EASY Solar is your practical, plug-and-play solution for reliable electricity. Designed for necessity, it provides uninterrupted power for essential home appliances, freeing you from disruptions, high costs, and complex installations.

FLYER BACK - PORTION 5 (Top Right - "Scope" / "Novelty of our Services")

SCOPE:

Reliable Power, Simplified.

Addressing global energy challenges, EASY Solar offers a compact, low-maintenance, and cost-effective solar system. It's built to deliver consistent energy for daily essentials in urban and rural environments, ensuring comfort and connectivity.

NOVELTY OF OUR SERVICES:

Clean Energy, No Hassle. Experience truly accessible solar power with **zero installation complexity** and **zero manual cleaning**. IOTFIY EASY Solar brings dependable, sustainable energy directly to your home with unmatched simplicity.

FLYER BACK - PORTION 6 (Bottom - "OUR CLIENT" / "Industrial We Services")

KEY FEATURES & CAPABILITIES:

- **Power for Daily Essentials:** Supports 3 LED lights, 2 fans, multiple mobile chargers.
- **Smart Micro Inverter:** Ensures stable AC output for appliances.
- **Auto-Cleaning Solar Panel:** Maximizes performance without manual effort.
- **Plug-and-Play Installation:** DIY setup in minutes, wall-mountable.
- **Eco-Friendly & Cost-Effective:** Reduces bills and carbon footprint.

INDUSTRIAL WE SERVICES:

(Tailored to the product's direct applications)

- **Residential Homes** 🏠
- **Hostels & Student Accommodations** 📖
- **Small Shops & Kiosks** 🏪
- **Rural & Off-Grid Communities** 🌳
- **Emergency Backup Solutions** ⚡
- **Outdoor & Portable Use** 🧺

FLYER BACK - PORTION 4 (Top Left - "Product Line" / "ABOUT US")

PRODUCT LINE:

Mushaba: Hajj & Umrah Navigator

ABOUT US: Mushaba is a pioneering mobile-based map navigator from IOTFIY Solutions, meticulously designed for the spiritual journeys of Hajj and Umrah. We empower pilgrims to overcome navigation challenges in crowded environments, ensuring you stay connected and confident.

FLYER BACK - PORTION 5 (Top Right - "Scope" / "Novelty of our Services")

SCOPE:

Peace of Mind, Always Connected.

Mushaba transforms the potential chaos of dense crowds into a safe and manageable experience. It enables seamless real-time location sharing and communication, reducing stress and allowing pilgrims to fully focus on their worship.

NOVELTY OF OUR SERVICES:

Your Lifeline in the Holy Land. Beyond navigation, Mushaba offers AI-guided "Lost Mode," precise floor indication, and visual landmark sharing, uniquely designed to bring unparalleled peace of mind and effortless reunion in the vast, sacred sites.

FLYER BACK - PORTION 6 (Bottom - "OUR CLIENT" / "Industrial We Services")

KEY FEATURES – IN DETAIL:

- **Comprehensive Location Tracking:** Live GPS, Precise Floor Indication, Distance & Direction.
- **"Lost Mode" with AI Navigation:** Guides you back to your group, hotel, or bus.
- **Enhanced Communication:** Visual Landmark Sharing, Voice Notes, Pin Location, In-App Chat.
- **Group Management:** Admin controls, Easy QR code joining.
- **Intuitive Interface:** Designed for all pilgrims, regardless of tech-savviness.
- **Privacy & Security:** All sharing confined within private groups.

INDUSTRIAL WE SERVICES:

(Reflecting the direct and indirect applications/partnerships for Mushaba)

- **Hajj & Umrah Tour Operators** 🕌
- **Pilgrim Welfare Organizations** 🙏
- **Travel & Tourism Agencies** ✈️

- **Religious Institutions** 🕌
- **Logistics & Crowd Management** 🚶
- **Emergency Services Coordination** 🚓
